# ADANA CHILDREN CENTER

*Orphanage,  
Foster Care  
& School*

**At Blessing the Children**, we're committed to helping kids; a ministry we take very seriously. Adana means 'rescue' in Amharic, the national language of Ethiopia. Many orphaned children who have lost their parents, have no one to care for them. Their situation becomes hopeless and their chance of survival slim. Through the sponsorship of someone like you, together we can rescue these children.

The Adana Children Center is located in Debre Zeyit (population 130,000), Ethiopia, just 45 minutes from Addis Ababa, the nation's capital.

Blessing the Children International partners with local churches to assist in identifying orphaned children in need.

The Adana Children Center operates under the sole direction of Blessing the Children International, whose international headquarters are in America. All funds for the project are received in the United States and wired directly to the project in Ethiopia where they are used for their designated purpose.

Blessing the Children International is incorporated in the state of Michigan, as a 501(c)(3) nonprofit corporation. All gifts are fully tax deductible as allowed by law.

# WHAT'S SPONSORSHIP?

## My name is Temesgen, and I'm 11 years old.

I live in Ethiopia, Africa. Since my mom and dad died last year, I have no family left to take care of me. There are 4.6 million orphans like me in Ethiopia. That's one out of every ten kids living in my country!

I work wherever and whenever I can so people will give me something to eat, and sleep wherever someone lets me. It's especially hard when it doesn't rain much, because even the kindest people don't want to give me any food when there is not even enough for their own children.

I want to go to school like some other kids do, but I don't have money for books and tuition even if I could. Since so many people in Ethiopia don't go to school, only about half the dads can read and write, and even fewer moms.

I think that I am lucky to be alive because out of every 10 children born in the huts around my village, 2 die before they reach the age of five. I have lost many friends to things like diarrhea, malnutrition, colds and even something called AIDS. There are 315 people dying every day from this AIDS alone. That makes a lot of fatherless and homeless orphans.

You may be thinking, "Wow, that is so many orphans. What difference could I make?"

You could make a real big difference to me, or to another one just like me! Won't you please consider sponsoring just one of us? Our lives will never be the same with your help.

The Adana Children Center provides a loving home and solid education for orphaned children like Temesgen. The project was launched in January 2008, in response to the pleas from local churches of Debre Zeyit, Ethiopia. These churches were attempting to reach out to the poor in their communities, but with their congregations made up of people living themselves on less than a dollar a day, they don't have the resources to help.

Sponsoring a child provides them a home with a loving family and a solid education.

## Personal Care

In the home, children are provided plenty to eat, a warm bed and a clean environment along with nurturing care from loving parents who attend to their physical, spiritual and emotional needs. Each home considers it their ministry to love and care for the children as their own. While fun things are planned to provide diversion, they are rounded out with daily chores, Bible reading and devotions.

## Christian Education

Each sponsored child receives a quality education. They attend private schools where available and all have personal tutors available as needed, providing academic excellence while instilling Christian principles and values.

## Trained & Challenged

It's our goal to produce the best educated young adults, and to send them forth with purpose and a challenge to make a difference in their country.

Teachers and staff pour themselves into these previously hopeless lives, pointing them to Jesus, the children are transformed into dedicated, hope-filled, contributing members of society – fully equipped to fulfill their God-given destiny.

Less than a dollar a day – just \$30 per month – will make the difference between life and death for an orphaned or abandoned child, providing food and clothing.

When you sponsor child, we will send you a photo of your child along with their personal information. Plus, you will get to know your child more personally as you receive letters written by your child along with progress reports and updates.

Some sponsors prefer to be a child's only sponsor by supporting them with \$90/month – the actual cost to fully care for every aspect of raising a child in Ethiopia.
